Principal's Voice

Welcome to **Ambition Education Network**, an umbrella organization of Ambition Academy and Ambition College situated at Mid-Baneshwor, Kathmandu. Our purpose is to cater the need of quality education for the youths to take their prospective place as leaders in global economy. Since we offer pre-school to university level education, our motto “**Excellence with Care**” denotes that we are a caring community where students’ needs are the priority and where traditional Nepalese and modern western educational values are respected and encouraged to coexist.

Our students and our outstanding staffs are our two most precious assets. We believe that each and every student has their own creation, and we work hard to unlock their highest potential. We have set high expectation from students and for ourselves to help all students learn and grow into well-rounded citizens and creative thinkers. We work very hard to develop leadership skills, social and emotional skills, and academic skills to prepare students for success not only in class but also in career, relationship and life-long learning.

Ambition offers plenty of opportunities, both within our curriculum and beyond. To help students to be a good human being, we help them understand what is required of them to be a good learner inside and outside the classroom. We encourage soft and hard skills to enhance qualities and learning behaviors such as: taking positive risks, viewing errors as opportunities, working to recover from a mistake, giving and receiving feedback, asking questions, collaborating with peers, setting goals, planning with a purpose, and tracking their own progress.

I am immensely proud of and impressed by the professionalism, commitment, dedication and teamwork of the staffs to ensure an excellent education for all our students no matter what the level is.

I would like to request you to pay visit to our institution and get to know more about us for secure future. You all are welcome any time in open days.

Yours in education,

Bishnu Kumar Ghimire
Principal

Ambition Education Network

About Us

Ambition Education Network is a private professional education hub, an umbrella organization of **Ambition Academy** and **Ambition College** established with a motto “**Excellence with Care**”, that brings students, scholars and practitioners who combine thought and action to make the world a better place.

We offer comprehensive education from pre-school to University Degree. We believe that smart public policy and inspired public leadership can make people’s lives safer, more prosperous, and more fulfilling. Ambition teaches current and future leaders the skills they need to be effective in the private, public, government and nonprofit sectors. Our renowned faculty and trailblazing research centers pioneer bold new ideas. To broaden the area of knowledge we convene an intellectual exchange among iconic leaders in the forum and visiting experts in the classroom.

Ambition has a well-deserved reputation for delivering high quality programs both at school and University levels across the academic departments of Management, Science and Information Technology (IT) and Humanities. Our school which is producing cent percent result with high level grade has its own place in the field of extracurricular activities. The school has been winning various prestigious prizes in poem, quiz, sports and drama competitions since long. Our +2 is ranked within the best ten schools in the country for last five years by various ranking agencies. Ambition is also running University degrees like **Bachelor in Business Studies (BBS)**, **Bachelors in Business Management (BBM)** and **Masters in Business Studies (MBS)** under Management department, **Bachelor in Science – Computer Science and Information Technology (B.Sc. C.S.I.T.)** under Science department, and **Bachelor in Arts in Social Work (BSW)** and **Bachelor in Computer Application (BCA)** under Humanities under the affiliation of **Tribhuvan University** in full capacity.

In short span of its incorporation, it has come a long way with its pioneering achievements. We have 100% results in all national level examinations of school (grade X and XII). Our connectivity with business community is second to none as all of our Bachelors and Masters Degree students are placed for internship in their final year of their studies and 100% job placement within six months of their graduation.

- **Pre-School with Montessori Based Education**
- **Secondary School with Activity Based Education**
- **BBS/BBM with Value Added Education**
- **B.Sc. CSIT/BCA with Innovation Based Education**
- **BA-BSW with Responsibility Based Education**
- **MBS with Engage Based Education**

Ambition Education Network

VISION

To attract the best talent of students, teachers and faculties irrespective of their race, cast, religion and/or social status. Ambition provides an environment in which every student discovers and realizes his/her potential and commits to develop positive relationship with parents, professionals and local bodies to promote education as a partnership between home and school.

MISSION STATEMENT

To provide excellence in education with care, the principle aim is to provide a stimulating, challenging and caring environment that allows everyone develop their potential.

WE AIM

- to deliver a curriculum which is broad, balanced and relevant to each individual pupil.
- to create a happy and positive learning environment, fostering mutual respect, consideration for others and personal responsibility.
- to be committed to develop positive relationships with parents, to promote education as a partnership between home and school.

OUR OBJECTIVES WILL INCLUDE AS APPROPRIATE

- Access to the National Curriculum prepared by concern government bodies.
- Provide a range of further education opportunities including a life skill program.
- Access to national and international opportunities recognized qualifications.

At Ambition Academy, we respect and value everyone equally regardless of gender or caste and we believe that by working together we all can be helped to develop and learn.

Pre-school with Montessori Based Education

Ambition Kindergarten is a fully Montessori based pre-school where children grow best in safe and secure environment with learning by playing methods. The children get the best learning opportunities in the Montessori lab, spacious playing area with natural setting, sufficient play materials and homely environment with good care. The curriculum is designed to provide a rich blend of academic, physical, social, artistic and cultural learning opportunities. Each class works on themes based on their day to day activities.

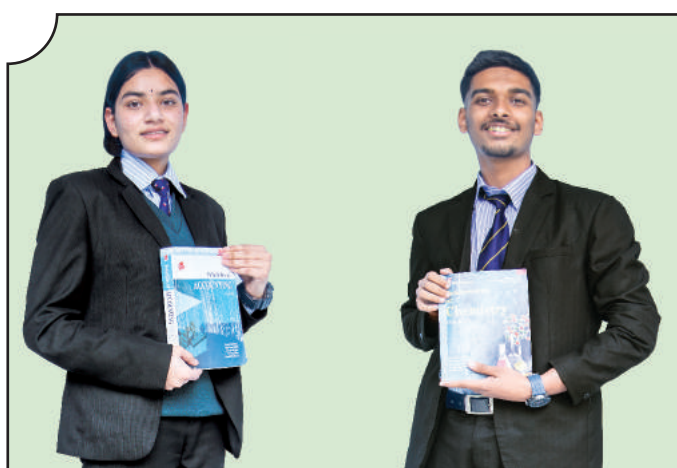

Secondary School (1-10) with Activity Based Education

Ambition Academy Secondary School is based on the Activity Based Education. It has safe and secure environment for learning that helps children to develop social, moral traits like morality, discipline and self reliance. It strives to instill the innovation, creativity and the fundamental life skills through various co-curricular and extra-curricular activities that motivate them to respect and adopt inclusive learning environment. The regular career counseling and homely environment inspire them to respect nation and nationality, human rights, cultural and moral values, civic responsibilities and obligations. It has become a safe gate for their higher education.

Secondary School (11-12) with Activity Based Education

The senior classes of Secondary Level offers the learning opportunities to Secondary Education Examination passed scholars. It provides nurturing, stimulating, student-centred learning environment that broaden the scope of baseline ideas, knowledge, skills and principles. The three different streams – Science, Management & Humanities – serve the students on language competency, communicating skills with critical thinking and rational judgment capabilities. It has been preparing a good base for future doctors, engineers and the scholars for various research fields by developing the ability of self-study, self-confidence, self-advancement to be a new frontier of science and technology, academic and occupational spaces.

BBS/BBM with Value Added Education

Bachelors in Business Studies (BBS) and Bachelors in Business management (BBM) are Tribhuvan University affiliated programs. BBS is four years program whereas BBM is the semester based program runs for eight semesters. The secondary level scholars from Science and Management discipline can study these programs. The Bachelors programs in Ambition College have been showing the outstanding result since its establishment. These programs prepare students to be a responsible citizen of the country with good professionalism by preparing medium level managers. Both the programs orient to students' skills with value added education system. Regular classes, use of technology and discovery of innovative areas of knowledge are some the basics of Bachelor programs at Ambition. The Curriculum for these programs is as prescribed by TU, Nepal.

B.Sc. CSIT/BCA with Innovation Based Education

Bachelor in Science and Information Technology (B.Sc-CSIT) and Bachelor in Computer Application (BCA) are TU affiliated programs run for the Eight Semesters (Four Years). Since both the programs entertain science and technology, their classes are also focused on practical based teaching learning activities. The knowledge of computer application and designing of new software are the basic norms of BCA and B.Sc-CSIT respectively. Both programs need experts of the specific field as teachers who help students in group discussion, individual and group presentation in class as the regular classroom teaching activities. Scholars of these programs feel convenience in creating the job opportunities in the field of Information Communication Technology (ICT). Many of the IT scholars from Ambition College have made outstanding performances in and out of the country in their respective fields. The secondary scholars from Science discipline can be enrolled in B.Sc-CSIT whereas the scholars from any discipline can take BCA.

BA-SW with Responsibility Based Education

Bachelor of Arts – Social Work (BA-SW) is TU affiliated program runs for three academic years. Since the curriculum requires, BSW students involve in various community based activities that make them practically responsible for the society making them accountable for the nation. Their teaching learning activities accompany integration and coordination with other social organizations, NGOs and INGOs. Their learning of the rural life during their field visits is replicated in their classroom activities. The life skills and practical application through research and field visits in the rural area make them more practical beyond the classes. They acquired not only key learning skills but also life skills involving healthy relationships, caring about others and a sense of responsibility for a world we live in. The outstanding result every year proves the hard works of qualified faculty and the students in their respective fields.

MBS with Engage Based Education

Masters in Business Studies (MBS) is the TU affiliated program runs for Four Semesters (Two Years). It is the research based education program with the objectives of preparing higher level human resource in the field of management. Since the curriculum believes in handling the nation by a good manager, the master scholars also widely involve in research and innovation to be prepared as the future manager. The spacious classroom with availability of ICT, good learning environment with group discussion and presentation, mock managerial skill practice in class and the good guidance of the expert lecturers and professors are some of the basics of this program at Ambition College. The outstanding academic result of Ambition College itself speaks the hard work of students, lecturers and of the learning environment. The regular morning classes with motivation and self accountable presence of the students and professors make MBS an engage based education hub at Ambition.
